7 Alfa Lina is our pick in this tricky race for cold-blood fillies where not many horses have convinced this season. She has good speed and faces nice conditions. 8 Alfie belongs to the same stable as our pick and she uses to meet tougher opponents too than she faces now. 1 G.G.Svea is one out of few horses who has shown good form. Finished 24/1000 in the last run from fifth on the outside and should be considered early here as well. 3 Läckra Lisa should be on the way up after a long pause. Should not be overlooked.

11 Picobello could never decide the last race but finished well. The four-year-old should have a good chance here with the right journey. 9 Zätamustangen found the lead after 500 meter in the last run after an offensive trip by Mats Djuse. Won easily and is an early choice here as well. 14 Patriot Ale is better than the latest results show and this long distance is an advantage. Has to be followed. 7 Bounty Laday has not won yet. Place chance again here but could cause an upset with a perfect journey.

3 Ava Modde is consistent and good and after a month's pause before the last run he could win easily anyway. Nice task here and our pick. 15 Färsta Ted has earned most money and has therefore got a tough number. Scored a good victory though and could pass all opponents with the right trip. 1 Dån Klara has earned less money so he has number one here. Has been improved a lot lately and chases the third win in a row. Has to be considered again. 13 Grådö Bo is a bit up and down but has good speed for this class. Outsider now.

1 Everglo Lemon is the best horses in this company but the form is a question mark. Nice number and if he lives up to his capacity he could lead this for a long while. 4 Queen makes her debut for a new trainer. She has got a tricky number in this circular start but should be considered early without a mistake. 11 One For All scored this year's win in the lead. Has to attack from behind now but could defeat many opponents with the right trip. 2 Fläsk Ken has not competed with this circular start for almost a year. Is good enough to be in the mix if he avoids a mistake.
