## RANK

**4 Lasse BR** was really good last time when he was able to hold the lead and then just disappeared after a quick finish. Put in a great effort for this class and goes for the front again. **7 Princess Olivia** won a lot of races earlier in her career but has not been as successful after that. **6 Amon Wise As** won from the lead last time and comes with good form. The chances increase if the horse would find the lead. **3 Chuck Yeager** also comes from a victory in the lead but is normally not a very quick starter.

**7 Aner Ikke** has a good task but was not at his best last time from the lead. He was ill then but is working well against according to Hamre. **3 Torpa Nicklas** is a very quick starter and likes this distance. Barefoot this time. **4 Vital Vinter** is in great shape, but faces tougher opponents now. **5 Il Salvador** galloped last time and did alright after giving away the lead the time before. Looks nice.

**RANK**

**6 Tremendously** is our idea in this race, he finished strongly last time a bit behind the leader. Found the lead in the race before but gave it away and got locked in. Leads this from start to finish? **3 Thai Blackpedia** has the best speed and will probably be the favorite. However, she has not been at her best at the end and galloped early twice in a row. **5 Wildest Dreams** didn't really get the chance at the end but the trainer sounds pleased now. **7 Lovesickle** is used to tough companies. Possible behind the favorite.
