2 Salted Caramel has started his career really well and still faces very nice conditions money-wise. Good chance to find the lead. Our winner. **7 A Last Chance** has shown quite good speed and capacity but needs to be improved now. Early choice. **4 Cindy Bris** followed well after a tough trip on the outside of the leader last time and is certainly even better now with that run under her belt. **8 Coronoa K.L.** finished nicely from behind the leader last time. Possible with the right trip again.

4 Kjempa Re did well after an early mistake last time and showed great form. She develops with each start and faces quite easy opposition here. **9 Orr Kide** has good speed and high capacity for this class but is not reliable at all. Interesting number and could reach the front after a bit. **10 Gull Jenny** is a strong finisher, which she showed again last time. With the right trip from behind, she can sprint fast. **5 Klack Astrid** does not win often but is better than the latest results show.

2 Global Flagship looked brilliant in his comeback last time. Should be improved by that race. Good chance to lead this from start to finish. **8 Gaetan Godiva** galloped on the way to a good result last time as so many times before. He is difficult to count on, but the capacity is high for this class and if he just avoids a mistake, he is good enough to win. **9 Thorgny Burge** has done really well for the new trainer and scored two victories in four starts. **6 Krak Josselyn** is a lot better than the latest results show.

5 Sarek Gull is developing well. Has only one win in 17 starts, but he is absolutely not a non-winner. Has put in strong efforts and shown that he can do it tough. Easier this time. **11 Bleke Hydra** was strong at Östersund second last. Early contender with a similar effort. **6 Ymer Dox** is consistent and good. Faces nice conditions and has a good starting position. **4 Snyggen** has really good speed when he avoids a mistake.

9 One Chance More was good in the debut for trainer Pihlström most recently and had seriously challenged Dalens Elvis with an earlier opening. Run under his belt and tight starts now. Should be even better now. **5 Perfect Harmony** is back in good shape and has made several good efforts at the end. Djuse now and could find the lead where he has taken six of eight victories. **4 Evita Jacase** won surprisingly easily the last time she visited Östersund. **3 Gibson Brick** likes tight starts and is probably a bit better now.

Had not started since May before that and should be even better now. Poor draw but good enough to pass the whole field. **10 Weigthlessness** is consistent and uses to put in a great finish. **1 Zirkon Klipp** reaches a nice position immediately and could be in the mix again.
