Left-handed, oval. Newcastle switched from turf to all-weather during the winter of 2015/16, and like Wolverhampton, the surface it uses is tapeta. It differs from the majority of the all-weather tracks in that as well as a traditional oval, it has a floodlit straight mile course, which is uphill for the final four furlongs, meaning an ability to see out the trip is essential and those who press on too early can prove vulnerable in the later stages.

BOOST YOUR ACCA AT BETMGM HANDICAP (6) 3yo+ (Rated 0-65) £9,000 7f14y (1420 Metres)

Going: **Standard**

Left-handed, oval. Newcastle switched from turf to all-weather during the winter of 2015/16, and like Wolverhampton, the surface it uses is tapeta. It differs from the majority of the all-weather tracks in that as well as a traditional oval, it has a floodlit straight mile course, which is uphill for the final four furlongs, meaning an ability to see out the trip is essential and those who press on too early can prove vulnerable in the later stages.

TIMEFORM VIEW:

This is wide open but HOWZAK edges the verdict on the back of his very good recent third here. Pinpoint is weighted to have a big say if back on his A-game so could emerge as the chief danger ahead of handicap-debutante Miami Hills.
