3 Great Time Trot finished well as second last time. Took two straight victories before that, both times from the lead, a position he is favorite to reach here. 4 Danilo H.B. comes from a V75 final and never had a real chance. Faces much easier opponents this time. 5 Kron Vici Star comes with a similar result line as our pick: two straight victories followed by a defeat. Has to be considered early. 9 Osterc hasn't won in a long time, but that's partly due to tough opposition.

10 Kendrick K.W. galloped in the first two starts of the year and last time he finished well after a trip from far behind. Is on the way up and faces easier horses here. 3 Kiss Me Sisu has been up and down at the end and the chances are not easy to predict. Has good speed for this field and also a nice starting position. 2 Milles Tobin got too fiery in the lead last time and gave up early. Should reach a nice position, maybe even the front. 6 Dunclug has shown good form for a long time and is possible with the right journey for Massimo Vassallo.

4 Chimi made his comeback after a long break in the last race and finished strongly to victory. Has a run under his belt, nice draw and faces quite easy opponents. 9 Tug Of War has nine victories in 34 starts. Comfortably from the lead at home track Halmstad second last, but galloped directly in the last run. 11 Mirakel Håleryd is very tricky and needs both high pace and some racing luck from here. 2 Justice Rhyme doesn't win very often, but has good speed and can't complain about this number.

4 Kiss My ID started with a third place, after which he scored two straight victories. Is developing well and should have a good chance again if he handles this number. 7 Satsuma has an interesting draw from which Johan Untersteiner certainly will go for the lead. Possibly first start with ear plugs. 11 Pickford has scored many second places and convinced a lot in the last run. Was only defeated by Knockout Charlie in a GS75 race and followed nicely. 12 Bring Me The News failed last time in Norway where he was already defeated in the final turn, despite a nice journey.

7 Cheops countered to victory in the comeback and really has the right attitude. Probably an American bike for the first time.6 Mellby Kavat has got a run under his belt too and we can expect an even better effort this time.11 Jikiniki comes from the same stable as just mentioned horse and driving André Eklundh is interesting. Probably gets a defensive trip.13 Wulkan Laylock comes from a strong victory and despite quite tough conditions he should be considered early again.

4 Noa Transs R. was very convincing in the debut for Hans Crebas and is certainly even better with that run under her belt. Is not a very fast starter, but with a similar performance, she should have a good chance regardless of journey.6 M.T.Tapdancer gave up a bit easily last time, but Åke Lindblom was still satisfied with the performance. Tight starts and top chance to find the lead.9 Funny Sensation did not convince last time, but was good before that and has nice capacity for this class.1 Global Cutthecrap has good speed and is well drawn.
