RACE 1

**GBI RACING**Going: **Standard**

The all-weather track at Southwell goes left-handed in a flat mile-and-a-quarter oval which has a run from the home turn of three furlongs and a spur to provide a straight five furlongs, those drawn low have often been seen to good effect on the sprint track. The fibresand surface used until August 2021, which produced a lot more kickback than the ones used at the other all-weather courses and lent itself far more to the course specialist, has now been replaced with tapeta.

A few in with chances but having looked limited previously, RUBY RASCAL shaped well upped to 7f when finishing runner-up at Chelmsford last month, arguably unlucky not to score given she had to wait for a gap early in straight. She can get the better of Kaleidoscope Eyes, who hasn't shown a great deal so far but has joined a yard which excels with such types now switched to all-weather. Cassandraalexandra and Lift Lady can do battle for third.

The fibresand surface used until August 2021, which produced a lot more kickback than the ones used at the other all-weather courses and lent itself far more to the course specialist, has now been replaced with tapeta.
