10 Maffiaboss RF has galloped a lot but shown good speed and strength and if he avoids a mistake this time, he has a nice chance to win. **5 Guli Brumma** is the main challenger. She is speedy but not reliable and did not trot perfectly either when she won two starts back.. Good enough to fight for victory again. **7 Trö Filip** was strong second last and has shown good capacity. Galloped last time and is not reliable either. **9 Burman** kept up the pace alright last time and is driven by a good cold-blood driver again. Can surprise if the best horses would fail.

3 Tulinas Elina wins often and develops well. She has won from the front and opens fast behind the gate. Top chance to lead this throughout. **6 Pilmira** galloped at Orkla last time but has otherwise shown good speed and was close to win second last. She is an early choice again. **10 Vira I.R.** got locked in second last and was close from the lead last time. She seems to develop well. **2 Slotts Inger** was sharp in the early summer but has galloped early twice in a row and did not look as good then.

8 Høstbo Anton has only made one start and fought well in the lead. He faced better horses then and should have a good chance here regardless of journey. **9 Re Flex** has not convinced so far, but he faces quite easy horses here and we have great respect for the trainer. **6 Høle Toring** won an easy race second last time and in this company he is an early choice. **4 Freja Supernova** followed well from the outside of the leader and can open quite fast. Could be interesting from the front.

1 Blomsterprinsen is very good and has a nice task here. Finished well to second as a favorite last time. Good chance to lead this from start to finish. **3 Envis** is very strong and Mats Djuse's pick in the race. Got a tough race at Hagmyren this summer and hasn't impressed after that. Early challenger anyway. **4 Smedheim Braut** is capable and speedy for a race like this but has not been convinced lately. The form is hard to predict. **7 Brolin** won the Kriteriet as a young horse but has not started a lot this year. He was fourth behind Brenne Borken last time, but clearly defeated.

1 Sundbo Komet likes this discipline and is our pick here. He comes with straight victories and has beaten several of today's opponents. He has won from all positions and is a quick starter. Good chance. **12 Guli Fantom** is an exciting challenger. Likes to race under the saddle and won the only race in that discipline. He beat our favorite too then, but the latter one faced a 20 meter handicap. **5 Soldhöjdens Drake** belongs to the best horses and is also good under the saddle. Should be considered early. **8 Eld Tekno** is very good and won a bigger race last autumn. Debut under the saddle now and with a good jockey.

4 Skeie Balder won it the hard way second last but met tough opponents in the last run. Could find an early lead and once there he is our winner in an open race. **14 Andarnas Patron** is very nice but also tricky. Last time he won comfortably from outside of the leader and he is in good shape. **7 Ellbert** was the stable pleased with last time, but did not convince then. Is good when he lives up to his capacity. **10 Guli Stina** has been matched against the best mares of her year and kept up the pace well last time and beat our pick then.

Mats E Djuse now is interesting and we think they find an early lead. **14 Grisle Kongen G.L.** is probably the best horse and showed good strength earlier this summer but he has not been as good in the last two runs. Very nice task here. **2 Mirakel Blixten** showed under 1.29/1400 meter after a mistake last time and was close to win. Tricky number. **12 Atlas Viking** has scored a couple of nice second spots.
