10 Super Nice is eleven years old but still going strong. Set a new record against very strong opposition at Solvalla and won comfortably from the lead last time after a tough opening. **8 Dragster** finished nicely behind our pick last time and is looking for revenge. Bad draw. Driven by the trainer. **6 Breeze** is interesting. Claes Sjöström's horse doesn't win very often anymore, but has faced quite tough opposition on the mainland. **4 Arn Hammering** will find it hard to fight for victory but can take a place with some racing luck.

14 Bugatti Hall won easily at Visby in mid-May and faces similar opposition now. Tricky draw but normally he wins this. **13 Bugatti Veyron** was second behind our pick last time and did well. Obviously chases revenge here and could get a good start from this draw. **9 Digital Globe** has not won for a long time but was very closely defeated last time as second. Gets an offensive journey? **8 Hero Band** did alright as fourth last time. Driven by Stefan Persson this time.

14 Lucky Lane is in top form and comes with three straight wins. Should have a good chance in this company despite this draw. Our winner. **11 You're All I Need** was closely defeated by our pick last time and is looking for revenge. Has started the season well and is an early choice. **6 Atlantico** comes from a good effort as second. Has a better draw than our top duo and has to be considered behind them. Outsider. **7 Macchiato** has been quite consistent and good this year and should be seen with place chance.

6 Flys Popcorn has not won yet this year but deserves a victory. Was not empty last time in the comeback and is probably improved now. Good finish at Solvalla in February. **10 Kyrkebys Arli** won easily last time and is in good form. Has a worse draw than our pick but is the main challenger. **7 X.N. Boy** comes from two clearly approved efforts and is driven this time by Stefan Persson, which is a clear advantage. **5 Take My Photo** gave away the lead second last as runner-up. Mainly a place bet.
