RACE 1

GBI RACINGGoing: **Standard**

The all-weather track at Southwell goes left-handed in a flat mile-and-a-quarter oval which has a run from the home turn of three furlongs and a spur to provide a straight five furlongs, those drawn low have often been seen to good effect on the sprint track. The fibresand surface used until August 2021, which produced a lot more kickback than the ones used at the other all-weather courses and lent itself far more to the course specialist, has now been replaced with tapeta.

TIMEFORM VIEW:

Plenty of these arrive in form, with TOPTIME the pick of them having turned a 5f handicap into a one-sided affair here 10 days ago. Rebel Empire opened his account at the same meeting (6f) and has to be feared, along with another last-time-out C&D scorer in Ormolulu.

TIMEFORM VIEW:

CARBINE HARVESTER was still in need of the experience but improved when making a successful handicap debut at Wolverhampton last time and he can score again now that he's up and running. The main danger could be ArdenNES, who returned to form on his his first start for Mick Appleby, with Yes I'm Mali respected if taking up this engagement.

TIMEFORM VIEW:

If FEEL THE NEED is in the same form as when winning here a couple of weeks ago a 4 lb rise may not prevent him going in again. Hitched had his winning run ended when third to the selection here last time but it was another good run and he's likely to figure prominently again. The all-weather track at Southwell goes left-handed in a flat mile-and-a-quarter oval which has a run from the home turn of three furlongs and a spur to provide a straight five furlongs, those drawn low have often been seen to good effect on the sprint track. The fibresand surface used until August 2021, which produced a lot more kickback than the ones used at the other all-weather courses and lent itself far more to the course specialist, has now been replaced with tapeta.
