7 Voje Hero is very consistent and good and comes in top form. Per Vetle Kals give him an offensive start and we think he will lead the field early on despite this lane. Good chance! **9 Vina Af Sola** has developed significantly lately and has lined up nice efforts. Contender if the favorite fails. **10 Brenne Rosa** did alright from the lead last time. Has enough speed to take a trio place again. **6 Hassel Herakles** is not completely reliable but owns good speed for this class.

1 Stoletheshow needs no major introduction. The nine-year-old has won an impressive thirteen races this year and should have top chance to end the year with a fourteenth victory. **4 Jackson Avery** prefers to run in the front and over the short distance, but in this small field he should reach a nice position. Main challenger to the favorite. **3 Cabron** has been matched against tough opponents during this year. **5 Z.Boko** was good as second last time and comes to the start in full form.

2 Nikita Boko has scored two straight victories and impressed a lot from the lead. She will probably find the lead again here and then she should have top chance. **8 Athletic Sun** is a stable companion to our pick and he is also really good for this class. He needs a bit of luck from here, but in that case he is in the mix again. **1 ID Forcetoctovictory** won comfortably from the front second last, but gave up a little too easily from the same position last time. **10 Zero Hugs'n Kisses** is in better shape than the results show.

1 Åsvinn SK is a winning machine. The six-year-old is fast from the start and should have a nice chance to hold the lead despite a couple of quick starters on the outside. Good chance in that case. **9 Jerven Junior** held strongly from the first over last time and is the main challenger to our pick. **8 Hauk Viktor** and **12 Faks Odin** have both enough speed to challenge for victory, but are poorly drawn here.

10 Cadillac Star has put in nice performances and won easily from the lead last time. All seven victories have been taken from the lead, but when he was second at Bjerke on October 12th, he showed that he is good from behind as well. **8 Hafa Go** galloped in the first turn last time, but scored an impressive victory from first over in the debut for trainer Hamre before that. **4 Bold F.T.** owns good strength for this class and here he could reach the front. **7 Mustang Valley** uses to finish strongly.

7 Nelson Dorris is very gifted, but not reliable and has galloped in seven of 13 starts. She made a mistake last time too, but came back and took an impressive victory. She has actually never galloped directly in a circular start and this number is perfect. **9 Nytomt Amira** was fifth in the Norwegian Derby for mares and has continued to develop after that and now comes with three straight victories. Stable companions **13 Sjøli Fryd** and **14 Lykkje Prinsessa** should both be considered early.

5 Thai Terminator has competed in significantly tougher fields than this, including in the Kriteriet five starts ago. Good chance to win from the lead. **1 Harpos New Yorker** is not very fast behind the gate, but has shown good development. Has two runs under his belt and is in good shape. Gets a nice trip and is the main challenger. **8 Amon Esp** was completely outstanding last time and should not be discounted despite this lane. **3 Royal Power** is a quick starter and uses to be in the mix.

7 My Dreams was really nice from the front last time. Despite some fast horses on the inside, we expect that Hötomt will once again find his way to the lead. Once there, he won't be easy to reach. **1 Thai Mississippi** galloped in the front last time where he was outclassed by the aforementioned. Fine form and if he could hold the lead, he is possible here. **9 Thai Ohio** keeps good form and would prefer quick pace. **2 Bold Little Drummer** followed strongly behind the favorite last time.

1 Jackson Trot finished strongly last time and has two runs under his belt now. Ideal conditions here for the quick four-year-old here. He should have a good chance to lead this throughout. **10 High Performance** prefers to compete barefoot, but is often poorly drawn. Is good enough to pass them all with the right journey. **5 Visconti** has scored many victories this year and likes these conditions, but has not raced for a while and the form is a question mark. **9 S.M.K. Shamal** has made a big impression this year and won a total of nine races. Speedy!
